ABOUT US

Oasis World Academy was established with a desire to raise evangelists around the world. Our mission is to provide students with both academic education and practical application of what it means to go out and fulfill the Great Commission. Believers are empowered to be confident and compassionate by sharing their faith stories and multiply continually.

I believe evangelists can have bold passion and a spirit of braveness to embrace God's call and remind us of our purpose on Earth, living a life of great fruitfulness for His glory. I pray that a new normal will be developed where each church will have its own staffed evangelist who will assist the pastor in reaching their community to share the Good News of Jesus Christ.

Oasis World Academy is an online academy for evangelism that was established to raise evangelists around the world. The academy's mission is to provide students with both academic education and practical application of what it means to go out and fulfill the Great Commission.

The curriculum empowers believers to be confident and compassionate by sharing their faith stories and multiplying continually. The academy offers a comprehensive education that equips students with the knowledge, skills, and tools they need to become effective evangelists. From biblical studies to practical ministry skills, Oasis World Academy is committed to providing students with a well-rounded education that prepares them for a lifetime of service.

Oasis World Academy encourages students to stay focused on their goals and to keep their eyes fixed on Jesus as they study and grow in their faith. The academy is excited to be part of students' journey and looks forward to watching them grow and thrive in the online community.
